Education

JECRC Foundation, Jaipur Aug 2024 – May 2028
Bachelor of Technology in Computer Science and Engineering
CGPA: **9.50/10.00**

Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — Oracle, 2025
- Copado Salesforce DevOps Certified — Copado, 2026
- Pragati: Path to Future — AI EMPOWER(H)ER – Cohort 1 — Infosys, 2026

Projects

CareerPilot AI — AI-Powered Resume Analyzer
GitHub Repository

- Developed a full-stack AI-powered career assistant that analyzes PDF resumes using Google Gemini API and generates personalized career guidance.
- Implemented PDF text extraction using PDF.js and integrated REST APIs to provide ATS score prediction, resume strength analysis, weakness detection and missing skill identification.
- Designed a secure Express.js backend with environment variable based API key management and seamless frontend-backend communication.
- Built personalized resume improvement suggestions, AI-generated interview questions and learning roadmap recommendations through prompt engineering.

CareerFlow AI — Placement Management Dashboard
GitHub Repository

- Developed a responsive placement management dashboard to track job applications, interviews, deadlines, offers, and overall placement progress.
- Implemented CRUD operations, search, filtering, and sorting using JavaScript and Local Storage.
- Built interactive analytics dashboards using Chart.js, including monthly application trends, status distribution, company distribution, interview funnel, and performance analysis.
- Added dynamic progress tracking, weekly activity, and upcoming interview monitoring.

Technical Skills

Languages: C, C++, Python, JavaScript
Frontend: HTML5, CSS3, Javascript(ES6), React.js
Backend: Node.js, Express.js, REST APIs
AI & Tools: Google Gemini API, Git, GitHub, VS Code, PDF.js
Coursework: Data Structures and Algorithms, Object Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

Achievements

- Secured **2nd Position** in Navothon conducted at IIT Jodhpur.
- Participant, Smart India Hackathon (SIH) 2025.
- Participant, ISRO Hackathon.
- Completed Industrial Training in Python from GeeksforGeeks.
- Secured **2nd Position** in Zero Hour Summit.

Virtual Experience

Deloitte Australia Data Analytics Job Simulation (Forage)

- Completed practical tasks involving data analysis, visualization, and business problem solving.

Tata GenAI Powered Data Analytics Job Simulation (Forage)

- Completed hands-on tasks exploring Generative AI applications for business analytics.
